### Clinere® Earwax Cleaners

Clinere® Ear Cleaners, 10 Count Earwax Remover Tool Safely and Gently Cleaning Ear Canal at Home, Ear Wax Cleaner Tool, Itch Relief, Ear Wax Buildup, Works Instantly, Exfoliates, Earwax Cleaners

Yes, there is a simple, quick, affordable solution to dealing with both earwax buildup and ear itch: Clinere® Ear Cleaners. Inspired by physicians' professional ear cleaning tools, our patented soft, flexible ear cleaning tools provide a gentle, effective way to remove unwanted earwax. Use the scooped end to spoon out earwax or ear debris. The scoop is great for removing wax, it works in narrower ears, and it comes with our worry free comfort stop guide. Use Clinere® Ear Cleaners every day as part of your morning or evening routine, and you'll never need to deal with earwax buildup again.

Ear's the problem you're trying to solve. Ear boogers. Alaskan Gold Rush. Ear potatoes. Whatever you call it, earwax occurs in the outer ear canal. It can be pushed inward and compacted by sound-muffling earplugs, ear buds, hearing aids, and, most of all, cotton swabs. This problem is compounded by the urge to dig the wax out with any number of ill-advised objects, including cotton swabs. You may have even tried liquid solutions and found them messy and time-consuming. Clinere® Ear Cleaners solve all these issues.

The feel-good solution you've been looking for. With all the ear care options out there, you want to choose the safest, most effective tool available—one that isn't messy, expensive, time consuming or potentially harmful. Scooping earwax out with Clinere® Ear Cleaners feels good because you can be sure that it's safe (when used as directed), easy, quick and effective. You can also take care of any annoying ear itch with the exfoliating fin.

**Size:**

10 Count

<p><b>DON'T SWAB. Clinere®!</b> For Cleaner, Happier Ears. Ear Cleaners that really work. A quick Affordable solution for both earwax buildup and ear itch. The safest, most effective tool available</p>	<p><b>WAX IN? OR WAX OUT?</b> Cotton swabs just push earwax and debris farther into the ear canal whereas Clinere® helps remove earwax and debris with a flexible scoop and fin without clogging the ear</p>	<p><b>EAR BOOGERS. Alaskan Gold rush. Ear potatoes.</b> Whatever you call it, use the Clinere® ear tips to spoon out earwax, not push it in. Add them to your daily routine for cleaner ears</p>	<p><b>MADE IN THE USA</b></p>	<p><b>CONTAINS 10 Clinere® Ear Cleaners</b></p>

**Safety Warnings:**

Warnings: Do not enter the ear canal beyond the stop line indicated in the illustration on the package. People with sensitive ears should use caution. If you currently suffer from an existing ear condition, do not use this or any other similar product (use of this or any other like product may aggravate a present condition). Use alone to prevent injury through accidental bumping by others. Use only in a secure, safe, non-moving environment. Do not use in one's nose. Not for use by children. If pain or discomfort results, discontinue use. Misuse of this product could cause serious injury, pain, infection or loss of hearing. Use only as directed. It is recommended by Clinere® that these ear cleaners be disposed of after each use to eliminate the chance of injury or infection due to poor or improper cleaning by the user. Keep out of the reach of children.

**Specific Uses:**

Removal of Earwax

**Directions:**

For Cleaning the "ENTRANCE ONLY" to the Ear Canal and the Outer Ear! DO NOT ENTER THE EAR CANAL BEYOND THE INDICATED STOP LINE IN THE ILLUSTRATION! When using Clinere® Ear Cleaners for the First Time, use them LIGHTLY & as SOFTLY as possible until familiar with their use! Use the "Scoop End" to "Gently" Scoop Earwax or Ear Debris from the Entrance Only to the Ear Canal and the outer surfaces of the ear! The Opposite "Finned End" can be used to Scrape Clean and Exfoliate the outer skin surfaces of the ear & when needed to deliver Relief from Ear Itching!

## Clinere® Earwax Removal Kit

Clinere® Ear Oil Conditioner & Ear Cleaners Cleaning Care Kit, 1 Ea, 1 Count, Safely and Gently Cleans Ear Canal at Home, Ear Wax Cleaner Tool, Itch Relief, Ear Wax Buildup, Works Instantly

Clinere® Earwax Care Kit with Clinere® Ear Cleaners and ProVent® EarOil™ Conditioner is designed to help you combat excess earwax buildup, ear itch, and dry, delicate skin quickly, easily and affordably. Clinere® Ear Cleaners are inspired by physicians' professional ear cleaning tools. The patented soft, flexible ear cleaning tools provide a gentle, effective way to remove unwanted earwax. Use the scooped end to spoon out earwax or ear debris. The scoop is great for removing wax, it works in narrower ears, and it comes with our worry free comfort stop guide. Use Clinere® Ear Cleaners every day as part of your morning or evening routine, and you'll never need to deal with earwax buildup again. Safe, all-natural ProVent® EarOil™ Conditioner is designed to moisturize and condition the skin of your outer ear, allowing for gentler and more comfortable ear cleaning when using Clinere® Ear Cleaners. Do not allow ProVent® EarOil™ to enter the inner ear canal. Ear's the problem you're trying to solve. Ear boogers. Alaskan Gold Rush. Ear potatoes. Whatever you call it, earwax occurs in the outer ear canal. It can be pushed inward and compacted by sound-muffling earplugs, ear buds, hearing aids, and, most of all, cotton swabs. This problem is compounded by the urge to dig the wax out with any number of ill-advised objects, including cotton swabs. You may have even tried liquid solutions and found them messy and time-consuming. Clinere® Ear Cleaners solve all these issues. The feel-good solution you've been looking for. With all the ear care options out there, you want to choose the safest, most effective tool available—one that isn't messy, expensive, time consuming or potentially harmful. Scooping earwax out with Clinere® Ear Cleaners feels good because you can be sure that it's safe (when used as directed), easy, quick and effective. You can also take care of any annoying ear itch with the exfoliating fin.

## Clinere® Reusable Earwax Remover

Clinere® Ear Cleaner Earwax Remover Reusable Tool with Comfort Guide, Narrow Ear Scoop for Safely & Gently Cleaning Ear Canal at Home, Earwax Removal Cleaning Tool, Itchy Ears, Ear Wax Buildup, 1ct

Yes, there is a simple, quick, affordable solution to dealing with both earwax buildup and ear itch: Clinere® Earwax Remover. Inspired by physicians' professional ear cleaning tools, our patented soft, flexible ear cleaning tools provide a gentle, effective way to remove unwanted earwax. Designed for more narrow ear canals in mind, Clinere® Earwax Remover fits into narrow ear canals more easily than the standard Clinere® Ear Cleaners. As an additional protective measure, the Clinere® Earwax Remover features a Comfort Stop Guide to maximize your comfort while cleaning your ears and help prevent the tool from going too far into your ear canal.

Clinere® Earwax Remover is also reusable. Simply clean it well after use, and make sure you do not squeeze, crush or deform the end of the Remover in any way. Do not use your fingernails to clean the device. Make sure you clean the Clinere® Earwax Remover delicately and immediately after use with soap and a brush, and then rinse it under hot tap water. After cleaning, make sure to treat Clinere® Earwax Cleaner with alcohol or a suitable solution to properly sterilize it prior to your next use.

Use Clinere® Earwax Remover everyday as part of your morning or evening routine, and you'll never need to deal with earwax buildup again.

Ear's the problem you're trying to solve. Ear boogers. Alaskan Gold Rush. Ear potatoes. Whatever you call it, earwax occurs in the outer ear canal. It can be pushed inward and compacted by sound-muffling earplugs, ear buds, hearing aids, and, most of all, cotton swabs.
